Ozark National Scenic Riverways Hosts *“Plane Facts: All About Woodworking Planes”* Workshop

Van Buren, MO – On Saturday, September 24th, join Missouri Master Joiner and woodworking teacher, Dr. James E. Price as he shares his woodworking skills during the *“Plane Facts: All About Woodworking Planes”* workshop. Workshop participants can view over 100 woodworking planes, a tool type that has been used since Roman times. Try your hand using these many varieties for special cabinetmaking and joinery as well as house carpentry. Learn how to sharpen plane irons and adjust them for performing fine work. Restoration of both wood and metal planes and rust removal will be demonstrated through electrolysis. Bring your own personal planes and receive expert advice on restoration, adjustment, and use. Tom Sater, Chuck Bornhauser, Joe Kelly, and Terry Wyatt, volunteer members of the Heritage Workshop at Ozark National Scenic Riverways, will assist during the event.

The FREE workshop will be offered from 10:00 a.m. until 4:00 p.m. at the Heritage Shop of Ozark National Scenic Riverways Headquarters Building in Van Buren, Missouri. Please phone (573) 323-4236 to reserve workshop participation.

For more information, phone (573) 323-4236 daily or visit the park’s website at www.nps.gov/ozar. Ozark National Scenic Riverways preserves the free-flowing Current and Jacks Fork Rivers, the surrounding natural resources, and the unique cultural heritage of the Ozark people.
